*Coastal Federal Credit Union: October 13th, 2016*

The Cooperative Council has been busy over the last three months with planning, organizing and hosting the Cooperative Leadership Camp (CLC)! We sold out in teens coming this year and had a great week learning all about Cooperatives! The teens put together a teen run Tee Shirt Co-op, learned the 7 Principles and had a great time at White Lake! Visit our website for more info and pictures! Also visit us online to register for the 2016 membership series: Mini Co-op 101!

Above: Creighton Blackwell and his team from Coastal FCU came out to CLC to put the teens through an experimental learning program called Mad City Money! The teens had a blast being adults for a few hours! Middle Top: Marshall Cherry from Roanoke EMC, and past CLC Graduate shares his Co-op Story with the teens!

Above and Middle middle: the CLC teens learn team building skills in small groups as they cooperate to solve problems! Middle Bottom: Join in on the Cabot and CCNC NC tour of Co-ops with the Cabot Food Truck! We will be going through the state in September, contact us for more details!
